

Proctology — haemorrhoids and perianal skin conditions

Nuha Yassin

Proctology — haemorrhoids and perianal skin conditions

Online Course

Surgery

September 1, 2021

This European Society of Coloproctology course by Harald Rosen, Janindra Warusavitarne and Nuha Yassin provides state-of-the-art information on haemorrhoids and perianal skin conditions.

KEY POINTS

- The course covers anatomy and physiology of haemorrhoids, classification systems for identifying patients with haemorrhoid problems, and therapeutic management including conservative and surgical approaches.
- Diagnosis and treatment of the most common dermatologic problems in the anal and perianal area are included in the learning objectives.
- The target audience includes gastroenterologists and surgeons in training, as well as other physicians, nurses, biotechnicians and medical students with an interest in coloproctology.
- The material was reviewed and updated in April 2024.
